SIGNS SUBJECT TO REMOVAL ON DISTRICT PROPERTY

Elk Grove, CA -- The election season has prompted increased enforcement efforts at the Elk Grove Community Services District (CSD) pertaining to illegally posted signs.

Under a District ordinance passed last July, Ordinance 9, "placement of signs other than those posted by the District, is not allowed on District-owned property." The Elk Grove Community Services District (CSD) owns and maintains over 700 acres of parks, trails, landscape corridors, and fire station property.

"This is an issue the District addresses regularly with real estate and development signs, but the election season means an even higher number of signs posted throughout the community, with some of those showing up illegally on CSD property," stated Dave Wigginton, CSD Parks and Recreation Administrator.

Signs illegally posted on District property have been, and will continue to be, removed by maintenance personnel. Confiscated signs are stored temporarily at the Park Maintenance facility on Big Horn Boulevard. Signs will be held for approximately one week before being discarded.

Not all corridors within the District are owned or maintained by the CSD. The District will only remove signs from property owned by the CSD. To aid and inform candidates and campaign volunteers of those areas off limits by the CSD, the District has posted a complete listing of CSD owned properties on the District web site at www.egcsd.ca.gov.
